	PERMANENT PROTECTION FENCE		FOREST CONSERVATION EASEMENT
X	PREPLANTING MEETING		TREE COVENANTS
			OTHER

CONDITIONS:

1. This permit is for forest conservation, tree protection, tree removal, tree replacement and non-native and invasive plant removal associated with the stream restoration and utility project in Glenora Park. All work must comply with the approved plans dated 2-15-2013 and all plan revisions, including field changes must be reviewed and approved by the Forestry inspector.
2. Comply with all conditions per SCP2013-00023 issued on March 21, 2013.
3. Schedule a pre-construction meeting with the Forestry Inspector, Paula Perez, at 240 314-8713 and the Sediment Control Inspector at 240 314-8879. It is recommended that the arborist and landscape contractor be present. You must provide at least 48 hours notice before meeting and the limits of disturbance must be staked prior to the meeting. No devices such as tree protection fence or sediment control may be installed prior to this meeting.
4. You must notify the City Utilities at 240-314-8567 and MISS UTILITY at 1-800-257-7777, 811, or at www.missutility.net at least 48 hours prior to construction.
5. All tree work, including removals, tree protection measures, and stress reduction measures shall be performed by an arborist who is both a Maryland Licensed Tree Expert (LTE) and an ISA Certified Arborist. Proof of these certifications must be provided to the Forestry Inspector.
6. Provide any additional tree save measures as directed by the Forestry Inspector.
7. The applicant is required to schedule a pre planting meeting with the Forestry Inspector prior to installing any plant material. The tree locations must be staked in the field prior to this meeting.
8. The contractor selected under the RFP shall perform Non-native/Invasive (NNI) plant control in accordance with the approved FCP for a period of two (2) years following the initial treatment. A copy of the City's Non-native and Invasive Plant List is available on the City website. Prior to any NNI work, a Management Plan for removing/controlling the non-native and invasive plants must be submitted to and approved by the Forestry Inspector. A contractor who is experienced in this type of work shall prepare the Management Plan. References may be requested. An initial treatment must be completed and approved by the Forestry Inspector prior to the start of the two-year maintenance period. The NNI work shall be continued by the Department of Public Works in years 3-5 of the maintenance period.
9. Apply approved wildlife protection to newly planted trees as directed by the Forestry Inspector.

THIS PERMIT AUTHORIZES THE ABOVE DESCRIBED CONSTRUCTION SUBJECT TO ALL
APPLICABLE LAWS, REGULATIONS, TERMS, AND CONDITIONS HEREIN AND ELSEWHERE

10. All work covered by permit must be completed by the expiration date which is two years from date of issuance. Requests for extensions must be submitted in writing to the City Forester 30 days prior to the permit expiration date justifying the permit extension.

11. Pursuant to Section 10.5-34 of the Forest and Tree Preservation Ordinance (FTPO), a fine in the amount of \$1,000 may be imposed for each violation. Each day the violation continues is a separate violation. In addition, a stop work order may be issued until the violation has been abated and the fine has been paid or an appeal has been filed pursuant to Section 10.5--35 of the FTPO. Additional punitive measures as stated under Section 10.5-34 of the FTPO may be imposed.
